### **Costa Rica Operations**

Freudenberg Medical Costa Rica is Freudenberg Medical's state-of-the-art operation in Latin America. The facility is located in the Coyoil Free Trade Zone and Business Park in Alajuela, Costa Rica, 10 minutes from the international airport near San Jose and 90 minutes from the seaport. Costa Rica has a large medical device community and offers a skilled, educated workforce, as well as good security and a quality infrastructure.

Capabilities at the Costa Rica facility include finished device assembly, sub-assembly, molding, packaging, and tech transfers.
